

# CHICO BRIDAL SHOW

## TIPS FOR ATTENDING THE SHOW!

- **Bring cash!** – We only take cash at the door and no you can't purchase tickets ahead of time.
- We have cocktails for purchase! Duffy's will be on-site with all the best cocktails and drinks at their booth. Bring cash for this too, it goes faster! Make sure to designate a driver.
- Leave the strollers and little ones at home. Don't get us wrong, we love the littles, but the show is busy and you will need both hands for all the info you get and the samples you want to taste.
- Bring your bridal party! Yes, all of them! And mom and even the groom. How to manage it? Meet and walk through with the groom at opening, then have mom and the bridesmaids meet you about 45 minutes to an hour later at the entrance. This works great!
- We welcome all couples at the show. Love is love!
- Planning a quinceañera? We have everything for that too!
- Make labels. Seems like an old idea, but it will save you lots of time. Make sure they have your address, phone number, email and wedding date! If not, bring a pen or two.
- **COME HUNGRY!** – Yes, really. Save the brunch with the friends for another date, you will want to be hungry because there are so many catering and bakery samples to taste.
- Bring a file system and some sticky notes – You will end up picking up a ton of information from business cards to brochures, so avoid the potential pile-up and come ready to organize. Get some colored folders and put the cards and brochures into folders labeled Interested, Neutral and No Thanks. Have some sticky notes to put on a brochure or card so you remember what service you liked and why!
- Listen for your name. While you don't have to be present to win at the show, it is much better to walk out with whatever item you might win. We have a ton of door prizes and two honeymoon giveaways so make sure to sign up at the entrance to the show!
